Exam Version: July 25, 2020

Question #1

Note: This question is part of a series of questions that present the same scenario. Each question in the series contains a unique solution that might meet the stated goals. Some question sets might have more than one correct solution, while others might not have a correct solution.
After you answer a question in this section, you will NOT be able to return to it. As a result, these questions will not appear in the review screen.
Your company has a Microsoft 365 subscription.
You plan to configure the environment to allow external users to collaborate in Microsoft Teams by using guest access.
The company implements a new security policy that has the following requirements:
✏ Only guest users from specific domains must be allowed to connect to collaborate by using Microsoft Teams.
✏ Guest users must be prevented from inviting other guests.
You need to recommend a solution to meet the security policy requirements.
Solution: From the Microsoft Teams admin center, you modify the global meeting policy.
Does this meet the goal?

A. Yes

B. No

Correct Answer: B

Question #2

Note: This question is part of a series of questions that present the same scenario. Each question in the series contains a unique solution that might meet the stated goals. Some question sets might have more than one correct solution, while others might not have a correct solution.
After you answer a question in this section, you will NOT be able to return to it. As a result, these questions will not appear in the review screen.

Your company has a Microsoft 365 subscription.

You plan to configure the environment to allow external users to collaborate in Microsoft Teams by using guest access.

The company implements a new security policy that has the following requirements:

☞ Only guest users from specific domains must be allowed to connect to collaborate by using Microsoft Teams.

☞ Guest users must be prevented from inviting other guests.

You need to recommend a solution to meet the security policy requirements.

Solution: From PowerShell, you run the New-AzureADPolicy and Set-AzureADPolicy cmdlets.

Does this meet the goal?

A. Yes

B. No

Correct Answer: B

Question #3

Note: This question is part of a series of questions that present the same scenario. Each question in the series contains a unique solution that might meet the stated goals. Some question sets might have more than one correct solution, while others might not have a correct solution.

After you answer a question in this section, you will NOT be able to return to it. As a result, these questions will not appear in the review screen.

Your company has a Microsoft 365 subscription.

You plan to configure the environment to allow external users to collaborate in Microsoft Teams by using guest access.

The company implements a new security policy that has the following requirements:

☞ Only guest users from specific domains must be allowed to connect to collaborate by using Microsoft Teams.

☞ Guest users must be prevented from inviting other guests.

You need to recommend a solution to meet the security policy requirements.

Solution: From the Azure Active Directory, you modify the External collaboration settings.

Does this meet the goal?

A. Yes

B. No

Correct Answer: A

Question #4

Note: This question is part of a series of questions that present the same scenario. Each question in the series contains a unique solution that might meet the stated goals. Some question sets might have more than one correct solution, while others might not have a correct solution.

After you answer a question in this section, you will NOT be able to return to it. As a result, these questions will not appear in the review screen.

Your company has a Microsoft 365 subscription that uses an Azure Active Directory (Azure AD) tenant named contoso.com.

You need to prevent guest users in the tenant from using cameras during Microsoft Teams meetings.
Solution: From the Azure Active Directory admin center, you modify the External collaboration settings.
Does this meet the goal?

A. Yes

B. No

Correct Answer: B

Question #5

Note: This question is part of a series of questions that present the same scenario. Each question in the series contains a unique solution that might meet the stated goals. Some question sets might have more than one correct solution, while others might not have a correct solution.
After you answer a question in this section, you will NOT be able to return to it. As a result, these questions will not appear in the review screen.
Your company has a Microsoft 365 subscription that uses an Azure Active Directory (Azure AD) tenant named contoso.com.
You need to prevent guest users in the tenant from using cameras during Microsoft Teams meetings.
Solution: From Microsoft Teams admin center, you modify the External collaboration settings.
Does this meet the goal?

A. Yes

B. No

Correct Answer: A
